

## Graphic Designer (Digital Storytelling Team)

### About the Innovation Hub

The Innovation Hub is a student-driven research collective that uses a peer-to-peer approach to understand the needs of U of T students. Campus partners provide us with real design challenges, and we hire teams of interdisciplinary students to work on each project using a consulting model. Student team members are empowered to understand their peers' needs using human-centered design and learning as they go, building confidence through practical work experience. Our projects range in scope from designing campus spaces and services, policy evaluation, listening to the needs of students from equity-deserving groups, ideating for the future, and more.

### Working at the Innovation Hub

At the Innovation Hub, student employees are central to our work. We seek to design *with* students rather than *for* students. Working at the Innovation Hub, you will join a collaborative, interdisciplinary team of passionate people. You'll learn valuable skills that can be applied across various career contexts. Most importantly, you will meet great people, have fun, and join a vibrant and innovative community. Everyone is welcome here. The Innovation Hub is also a big commitment. We suggest you read about our work prior to applying on our website at [uoft.me/innovationhub](https://uoft.me/innovationhub) and learn more about our roles at [uoft.me/iHubWorkStudy](https://uoft.me/iHubWorkStudy).

### Anti-Oppression Commitment

The Innovation Hub is committed to being equitable, anti-oppressive and to prioritizing the lived experiences of marginalized students. As such, any forms of discrimination will not be tolerated, including but not limited to racism, sexism, islamophobia, homophobia, transphobia, ableism, and anti-Semitism.

### Technology Resources Required

Students are required to have a working laptop or device that can connect to the internet with the ability to access MS Office 365.

## Graphic Designer (Digital Storytelling Team) Description

The **Innovation Hub Graphic Designer** creates all the digital communications content for the Innovation Hub. This includes original graphic designs for the reports, presentations, and digital communications channels such as the Innovation Hub website. Working as part of a team, each Graphic Designer may have different strengths or areas of expertise in content design. Graphic Designers are part of the Innovation Hub's Digital Storytelling team working under the direction of the Digital Communications Coordinator. Graphic Designers bring to life content produced within project teams with visual imagery, models and infographics. This role involves creating professional reports and presentations of design research data, blog posts, website content, and more. The role may also entail special projects, such as website design and development, or developing creative materials outside of the scope of design research projects. We also welcome applicants with a background in photography and videography.

### Qualifications

- Exemplary digital communication skills and graphic design abilities
- Strong communication abilities to share creative ideas and understand others' creative ideas about how to translate abstract concepts into visual imagery
- Demonstrated ability to organize one's own work and manage tight and often competing deadlines
- Collaborative and iterative mindset to approach unique problems, keeping in mind the audience with the ability to receive and apply constructive feedback
- Working knowledge of creating accessibility documents and visual materials
- Experience using design software such as Adobe Illustrator, InDesign, and Figma
- Experience in website software such as WordPress or equivalent website software
- Positive energy, enthusiasm, adaptable, and imaginative
- Desire to enhance the student experience at U of T
- Responsible and reliable
- Portfolio submission is required for applying to this role

### Assets:

- Working Knowledge of design thinking and human-centred research
- Working knowledge of designing imagery intended for social media platforms (Facebook, Instagram, Twitter, LinkedIn, TikTok, etc.)
- Photography, videography, and video editing skills (i.e., Adobe Premiere Pro, After Effects, Final Cut Pro, etc.)

## How to Apply

To apply to the Innovation Hub, students can submit their application through this Microsoft Form: <https://forms.office.com/r/V6W2D1ggMH>

Job applications are accepted on a rolling basis, with interviews to follow. The application deadline is **Tuesday, August 20<sup>th</sup>, 2024, at 11:59 pm**

## Questions

If you have questions about the role, email [innovationhub@utoronto.ca](mailto:innovationhub@utoronto.ca) for more information.
